NEPHROLOGY

June
2021

June 2, 2021

“Hyperkalemia: Don't Pani-K”

Michael R. Wiederkehr, M.D., FACP, FASN

*Associate Professor, Department of Internal Medicine, Texas A&M Health Science Center College of Medicine
Dallas Campus – Dallas, Texas*

Objectives:

- Explain why potassium plays such an important role in normal human physiology.
 - Discuss the pathophysiology of elevated potassium levels.
- Review treatment options to lower potassium acutely and discuss the clinical implication of controlling potassium long-term.

June 9, 2021

“Acute Kidney Injury (AKI): Risk-Stratification, Outcomes and Recovery”

Javier A. Neyra, M.D., MSCS

Assistant Professor, Internal Medicine – Nephrology, University of Kentucky College of Medicine – Lexington, Kentucky

Objectives:

- Discuss the utility of AKI risk-stratification.
 - Review outcomes associated with AKI.
- Discuss heterogeneity of AKI recovery and the value of post-AKI follow-up.

June 16, 2021

“You Say CIN, I Say CAN.... Let's Call the Whole Thing Off: The New Science of Contrast Nephropathy”

Joel M. Topf, M.D.

*Assistant Clinical Professor, Wayne State University School of Medicine and Oakland University William Beaumont School of Medicine
Detroit, Michigan*

Objectives:

- Discuss the advances in contrast radiography and how it impacts the safety of iodinated contrast agents.
- Identify how the definition of contrast nephropathy makes advancing medicine in this field learning difficult.
- Review the contemporary data on the epidemiology and the prevention of acute kidney injury with contrast.
 - Discuss the limitations, the successes and how yesterday's wonder drugs have become today's placebo.
- Discuss the concept of “renalism” and the costs associated by being cautious regarding contrast nephropathy.

June 23, 2021

“Acute Kidney Injury in Cirrhotics and Outcomes”

Bekir Tanriover, M.D., MPH, MBA, FAST

*Division Chief of Nephrology, University of Arizona College of Medicine – Tucson
Tucson, Arizona*

Objectives:

- Define the risk factors, causes and treatment of AKI in patients with cirrhosis.
- Discuss prognosis of AKI in patient with cirrhosis and implication to liver transplantation.

June 30, 2021

CANCELED

*Doctors on the medical staff practice independently and are not employees or agents of the hospitals or Texas Health Resources
except resident doctors in the hospital's graduate medical education program.*

Target Audience: Internal medicine physicians, residents, physician assistants, nurse practitioners, nurses, allied health

Program Director: **Tapan Patel, M.D., FACP, FASN, FNKF** - chief of nephrology, Texas Health Presbyterian Hospital Dallas
VP of Dallas Nephrology Associates | Clinical Instructor – Internal Medicine, UT Southwestern Medical Center
Dallas, Texas

Format: Didactic lecture with question and answer session

Accreditation:

In support of improving patient care, Texas Health Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Designation of Credit:

Physicians: The Texas Health Resources designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses: 1 contact hour will be provided for nursing.

JOINTLY ACCREDITED PROVIDER[™]
INTERPROFESSIONAL CONTINUING EDUCATION
